DECLARATION OF SVETLANA SHTADLER

Honorable Commissioner for Patents
U.S. Patent and Trademark Office
Randolph Building, Mail Stop Amendments
401 Dulany Street
Alexandria, VA 22314

Sir:

I, the undersigned Svetlana Shtadler, hereby declare
and state as follows:

I am a patent attorney employed in the Israeli
patent firm of Reinhold Cohn and Partners, in Tel Aviv,
Israel.

On or about October 24, 2006, I caused three letters
to be prepared, one to be sent to each of three of the
inventors of the invention disclosed in the above identified
patent application, namely, Izhar Eyal, Yuval Kapellner, and

Arkady Rudnitsky. A true copy of each of these letters is submitted herewith, as Exhibits A, B, and C, respectively.

Each of these letters was sent to the respective addressee along with a copy of the U.S. National Phase application papers, including the national phase application transmittal and the PCT publication, a combined declaration and power of attorney form, and an assignment form.

I caused each of these letters, with all of the attachments, to be mailed to the respective addressees by registered mail with return receipt requested. These letters were mailed on October 24, 2006.

Subsequently, I received return receipt postcards indicating that each of the letters had been collected by the addressee from the Post Office. Filed herewith as Exhibits D, E, and F are photocopies of the postcards. Each exhibit shows both sides of the postcard and a translation thereof.

Filed herewith as Exhibit G is an example of such a postcard with marginal markings showing the translation of the various lines and blocks of the postcard.

I am familiar with both the English and Hebrew languages, and I hereby confirm that the translations set forth in each of Exhibits D, E, F, and G are true and accurate.

I hereby further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

3/12/2006

Date
